This letter serves as a recommendation for Mr. Arjun Thanneermalai A/L Shanker, who successfully completed his three-and-a-half-month internship with Century Software (M) Sdn Bhd.

During his internship, Arjun was assigned to design the UI/UX for our One-Stop Center (OSC) mobile application project using Figma. Throughout the internship period, he consistently demonstrated professionalism, creativity, and a strong sense of responsibility in carrying out his tasks.

Arjun was able to work independently with minimal supervision and showed great initiative in understanding the system requirements and producing relevant and practical design solutions. He is a fast learner who adapts quickly to new concepts and challenges. His dedication, commitment, and positive working attitude enabled him to consistently deliver quality designs across various modules and processes of the mobile application.

In addition to his technical and creative abilities, Arjun also displayed good communication skills and professionalism in his interactions with the team. He proved himself to be reliable, hardworking, and eager to learn throughout his internship with us.

We believe Arjun has strong potential and would be a valuable addition to any organization. We would not hesitate to recommend him for future employment opportunities.
